

PROTEK

Shed & Fence

Protek Shed & Fence Wood Treatment is a waterproof wood stain that is long lasting and enhances the natural beauty of wood. Protek Shed & Fence treatment is a cost effective wood stain that can be applied to planed (finished) as well as rough sawn timber. This wood stain contains wax additives for the extra protection of a water resistant coating.

Protek Shed & Fence wood stain is available in 12 attractive and natural looking colours that can be applied by brush or a pump up garden sprayer.

Protek Shed & Fence is a water-based wood stain with very low VOCs (volatile organic compounds) making it the ideal choice not only for fencing and sheds, but also all types of animal housing from chicken coups to stables.
